A ROOM IN PARADISE.

Temperance, Preaching and Suicide.

EDITOR STATE JOURNAL:—Not having seen any notes from Paradise for some time, I think it about time the outside world heard from us.

On the 5th instant the State Superintendent of Public Instruction visited us and attended both the public and private schools, and also talked with the people considerable during his stay of two days. He was here in regard to school matters and we are looking every day for Professor Ring to give the public his views of school matters here as he found them, which we hope he will do soon.

At the same time, we had a temperance lecturer here for three nights, and a lodge of I. O. G. T. was organized with twenty-five members. The lodge will meet once a week in Odd Fellows Hall; so from this time on we may expect Paradise to be reformed.

We had, on Wednesday evening, preaching by the Rev. Mr. Williams of Winnemucca, and I hear that he got an addition of one member to the church.

March 13th the people of the town were thrown into a fever of excitement. Word came that one of the old settlers of the Valley, Robert Burges, had committed suicide at his home, about a mile from town, by taking strychnine, and died in less than an hour.

Mr. Burges walked up to town at about 10 o'clock and remained in town walking around aimlessly and seemed not to know where to go or what to do while here. Some of those who noticed him remarked that he was in trouble, as he seemed very restless and looked wild. About 12 o'clock he, left town and walked home. When about twenty yards from the house he opened a bottle of strychnine and took a dose of it, and put the bottle back in his pocket. He went to the house and sat on the porch for a few minutes, then walked into the house and went through the front room into the kitchen and took off his boots. Mrs. Burges asked him if he was sick and he said no. He then went into the parlor and laid down on a lounge and stretched himself out, bid his 7-year-old son good-bye and said he was gone. Mrs. Ella Gillilian, who was in the room, asked him if he had taken anything, and he said, "yes, strychnine," and put his tongue out to show her. They then attempted to give him mustard water, but they could not get him to take anything or give any reason why he took the poison. He died about half an hour after going into the house. He had attempted suicide twice before. Mr. Burges had been a resident of Paradise Valley for about 26 years, and leaves a wife and six children to mourn him.

The farmers are getting ready to put in their crops. The season is about a month late here. There is no lack of the beautiful snow in the mountains and every prospect for plenty of water for irrigation for both hay and grain. There will be a large acreage put into wheat this year, as we will have two roller mills to grind the wheat into flour. Schwartz & Stock put rollers in their mill last fall and Reconzone & Forgnone have commenced work on the Silver State mills. They will put in the most improved machinery. It is on the way here now from Milwaukee, so everything looks well for a prosperous year in this Valley. So be it. Rosewood.

At the Public Schools.

The temperance exercises given by the Good Will Society of the Junior class, High School, on Friday afternoon were very successful. In spite of the inclemency of the weather many friends and well-wishers were present and appeared to enjoy themselves greatly, if one may judge by the countenances during and at the close of the exercises. The interest did not flag from beginning to end. The different parts were well sustained and the pupils entered into the spirit of the "Temperance Cause" heartily. We wish them God speed in the great work in which they have enlisted.

The Kind of Stuff They Are Telling the People.

VERDI, March 17, 1894.  
To JOURNAL, Reno:—Mr. Dodge, the speaker who addressed the Republican Club and citizens of Verdi this evening, told us among other things that Senator Stewart was a free trader because he voted for the Wilson bill. The people of this backwood precinct would like to know when the Wilson bill passed the Senate or whether the speaker's head was unbalanced on account of it being St. Patrick's Day.

As the Wilson bill has not yet been reported to the Senate and may not be for some days, it is difficult to understand how Senator Stewart could have voted for it. The Senator himself in a letter published in the Journal says he is opposed to the bill. That does not matter, however, as the goldbugs east and west hate him as the devil does holy water, they will avail themselves of every opportunity to misrepresent him. Fortunately the people of this State are too well informed to be deceived by such misrepresentation as the above.

"OLE OLSEN."

The Swedish Play Will be Given at McKisick's Opera House.

"Ole Olson" will appear at McKisick's Opera House next Thursday evening. The San Francisco Chronicle says of it:

"The new manager of Stockwell's Theater, J. P. Howe, opened his venture last night with 'Ole Olson,' the Swedish play which has been touring the country now for some years, and still seems to draw pleased audiences. The house was filled down stairs and crowded in the upper part, and the play and the principal characters—namely McAlpine, Miss St. George Hussey, Dolly Foster and Colonel Albert Huelber, on the bill as 28 years old and thirty-six inches high—were installed favorites with the audience. The play went with constant laughter and applause, which, considering 'Ole Olson' has been here before, is very complimentary to it and the production. It promises to do a good week's business.

Merit Will Tell.

This is testified to by the rush of business done by the reliable Palace Dry Goods and Carpet House. Their special bargains they offer from week to week are always looked for with great anticipation by the ladies. They have found out by this time they are not hambugged, but always receive good values for little money and just as advertised. For this week they have some stunnors. Just think: Full suits (12 yards) of dark challie effect at 95 cts.; all linen buck towels 22x46 at 22 1/2 cts. each; bleached table damask as cheap as 45 cts. per yard, and their better grade reduced fully 25 per cent; half bleached table damask at 30 cts., 50 cts., 55 cts. and 75 cts., worth and sold before at 50 cts., 65 cts., 75 cts. and \$1, only for this week; turkey red fabric linen at 45 cts. and 60 cts., always sold at 60 cts. and 75 cts. Their stock in this article is limited and the first comers will surely derive the benefit, and the demand for the advertised goods will soon exhaust the supply. Come early is the advice of your Palace Dry Goods and Carpet House.

Monday the Palace Dry Goods and Carpet House will sell 50 pieces of Amoskeag gingham at 20 yds. for \$1

S. H. Clifford, New Cassel, Wis., was troubled with neuralgia and rheumatism, his stomach was disordered, his liver was affected to an alarming degree, appetite fell away, and he was terribly reduced in flesh and strength. Three bottles of Electric Bitters cured him.

Edward Shepherd, Harrisburg, Ill., had a running sore on his leg of eight years' standing. Used three bottles of Electric Bitters and seven boxes of Bucklen's Arnica Salve, and his leg is sound and well. John Speaker, Catawba, O., had five large fever sores on his leg and doctors said he was incurable. One bottle of Electric Bitters and one box Bucklen's Arnica Salve cured him entirely. Sold at S. J. Hodgkinson's drug store.

It Won't Do.

You may bribe the appetite but you cannot bribe the liver to do its work well. You must be honest with it, help it along a little now and then with a dose of Simmons Liver Regulator. The liver becomes sluggish sometimes and needs some stimulation to keep off those attacks of indigestion and biliousness. A good active liver promotes digestion and prevents Malaria, Club roll.

J. B. Titus, who was a candidate for the Legislature two years ago on the Democratic ticket, has joined the Republican wing of the Wall street combination. As there is only a distinction without difference between the two wings Mr. Titus cannot realize that he has changed his politics.

DeWitt Clinton Commandery, No. 1, Knights Templar, of Virginia City elected the following officers for the ensuing term: Eminent Commander, E. Strother; Generalissimo, William Sutherland (re-elected); Senior Warden, Henry Patsey; Junior Warden, Joseph Carpenter; Treasurer, J. W. Eckley (re-elected); Recorder, J. B. Shaw (re-elected); Standard-Bearer, Albert Lackey (re-elected); Sword-Bearer, W. W. Stephens (re-elected); Warder, W. J. Harris.

The Oregon Populists nominated Nathan Pierce for Governor; Ira Wakefield, for Secretary of State; R. Caldwell, State Treasurer; T. C. Jory, Superintendent of Public Instruction; M. L. Olmstead, Attorney General; Geo. M. Orton, State Printer; Charles Miller, Congressman, First District, and Joseph Waldorf, Congressman in the Second District. The platform demands a Constitutional Convention and the enactment of a law prohibiting the sale of property under execution for less than 80 per cent. of its appraised value.

CHINAMEN PLACER MINERS.

Thirty-Five Sent From Carson to Work Those at Gold Run.

Thirty-five Chinamen came down from Carson last night in charge of Will Bliss on their way to Golconda to operate the Gold Run placer mines which are owned by Evan Williams of Empire. Mr. Bliss is the son-in-law of Senator Williams. The mines are about eight or ten miles from Golconda and are quite extensive. There is plenty of water and the property is considered very valuable. It seems wrong, however, at a time like this, when there are thousands of able bodied Americans trying in vain to get work at almost any price, to employ Chinamen.

The Fair Fund Masquerade.

Mr. J. H. Donlan informs us that judging from the numerous calls he had upon opening his costumes at the Pavilion yesterday he feels quite assured there will be a large attendance at the ball Monday evening in costume. The Nevada exhibit at the Midwinter Fair is a worthy object and one all residents of Nevada should take an interest in, and this means of adding to the fund by giving a grand ball whereby all can donate their trifle as well as enjoy a pleasant evening in return for the same should be an assurance to the committee of one of the largest crowds witnessed in the Pavilion for years. Every attention will be extended to strangers as well as our home people, as the committee, which is composed of our leading citizens, know well how to manage everything to the comfort and enjoyment of all, and they have made special arrangements with the costumer to rent all costumes at half price for this occasion.

Let all turn out and show our appreciation of the good work in maintaining our Nevada exhibit.

The Carson Rifle Team.

The Examiner contains pictures of all of the crack shots of the Carson team and a three column article concerning their prowess as marksmen. It says:

"That the Nevada marksmen are artists in their particular line there is no gainsaying, and that there is something about the atmosphere of the Silver State which conduces to excellence of aim is to be inferred from the fact that the Carson militiamen have been drowning all competitors systematically for years.
